

Interactive User environment on Kubernetes platform

Chalvatzis Kyriakos

Technical University of Crete

June 26, 2025

Outline

- 1 Introduction
- 2 Objectives
- 3 Methodology
- 4 Results
- 5 Conclusion

Background

- Your problem domain
- Motivation for your work
- Related systems or gaps

- Main research question
- What your thesis tries to answer
- Specific aims

- Architecture / Algorithm overview
- Tools or technologies used
- Diagram:

Key Findings

- Metric 1: result or chart
- Metric 2: result or chart
- Visual comparisons

Summary and Future Work

- What was accomplished
- Limitations
- Possible future directions

Thank you!
